BUILDING RAILROADS WITHIN ESTIMATES. | -The closing report of Col. Walter Gwynn, correspondent of "Life Illustrated," gives chief engineer of the North Carolina railroad, has just been made, announcing the ence of a cadet at West Point:

completion of the work, by which there is now a railroad line through the State from class had ridden for a year, I only for orth to south. The chief fact, however, to week or too. Nothing daunted, however, which we would draw attention, is one by this, and blindly trusting to fortune and which reflects great credit on Col. Gwyan. my own powers, I buckled on a pair of rus-It is the fact, of such fare occurrence in ty spurs, bound my off securely to an enorrailroad history, that the road has cost less mous sabre with a ponderous iron scabbard, than the estimates, and that by the sum of and sallied forth. Dragoon brought me a \$7,280. But this fact, though rare in rail- raw-bound, vicious-looking animal, which. The North British Review (Free Church.) road, building, generally, is by no means, after some preliminary difficulties, I sucit is stated, rare with Col. Gwynn. This is ceeded in mounting. the third railroad he has built within the estimates, viz: the North Carolina railroad my saddle. I had never been taught to the Seabord and Roanoke roilrood (\$11, keep my heels well out, and accordingly

tersburg Foundling Hospital-namely, two girls growing together by the skulls-which ill live, and so far appear to be in good health. Of all the cases of this kind hitherto known, (of which there are seven.) the mion of the two individuals was never of that kind to bring the face of one child directly opposite the face of the other. These wins are so united that if the middle line of the face of one child be prolonged from the nose, this would strike upon the ear of the other. Through the mobility of the necks the two children really lie in a straight line, one girl lying on the back, the other on the side, and thus they sleep. The face of one child is quite symmetrical as far as the forehead, and it is first in the formation of the skull that want of symmetry appears. In the face of the other, the right half is much shortened, and the eye of this side opens less than the other. - The two children possess a perfectly independent exist ence from each other as relates to sleeping. walking, w nt of food, &c. The one sleeps quietly, whilst the other takes nourishment looks about. Common sensibility does not appear to exist, since in cases of this kind the brains and rerves of each individu al are preserved distinct. Not so always with the blood vessels. Once one child screaming loud awoke its sister. The face of the screaming child became suffused and reddened deeply, while the face of the other began to redden and swell, and it was only will be observed perhaps on the first map: features of the two children especially of the one whose face is shortened, are very

ries, the extension and progress of the curions circumstance is just now creating some merriment in commercial circles. A Yankee captain, whose cargo was consigned to Messrs, Baring & Co., had the misfor. "I dells yoo I'fe get der small pox." Ton't you versteth! der small pox!" This time he shouted it out in capital letters.

"Clear out! I'll call the men fo ks, if you don't clear!" and at once shouted, it a tip top voice, "Ike! you lke! where are you!" Ike made his appearance on the full run.

"W-what's the matter, mother?"

"I dell you onest more, for der last dime, I're got der small pox to Miss Scutter, und if dat vrow is Miss Scutter, I bromised to gif her ter small pox."

The Peach Tree Borer.—This is a most destructive insect when allowed to increase for a few years without molestation. The British Periodicals FARMER'S GUIDE GREAT REDUCTION IN THE PRICE

OF THE LATTER PUBLICATION. L. SCOTT & CO., NEW YORK, ecutione to publish the following leading British Periodicals.

The Loudon Quarterly (Conservative.) The Edinburgh Review (Whig.)

The West minister Review (Liberal.)

Blackwood's Edinburgh Magazine (Tory.) The great and important events—Religious, Political, and Mili ary—now againsting the nations or the Old World, give to these l'ablications an in-terest and value they never before possessed. They occupy a middle ground between the hastily wris-ten news-items, crude speculations, and flying ru-mors of the newspaper, and the ponderous Tome of the historian, written long after the hiving inter-est in the facts lie records shall have passed away. The progress of the War in the East occupies a of the Old World, give to these Publications an inlarge spa e in their pages. Every movement is closely criticized, whether of friend or of foe, and all short comings fearlessly pointed out. The kt-ters from the Crimen and from the Baltic popular contributors, give a more intelligible and reliable account of the movements of the great bel-igerents than can eisewhere be found.

These Periodicals ably represent the three great olitical parties of Great Britain—Whig, Tory, and Radical—but politics forms only one teature of their character. As organs of the most profound writers on Science, Literature, Morality, and Re-ligion, they stand, as they ever have stood, unri-valled in the world of letters, being considered in-discoverible, to the school of the standard or the standard or the school of the scho nan, while to the intelligent reader of every class the current literature of the day through world than can be possibly obtained from any other

ODD FELLOWS' SCHOOL.

ON Monday next, agreeably to notice, the Odd Fellows will open their SCHOOL in the Old Male Academy, under the control of DAVID R. DUNCAN, A. B.

Mr. Duncan is a son of Professor Duncan, of Wofford College, and a graduate of Randolph Macon College, Virginia. His testimonials of scholarship and moral character are full and satisfactory. In starting an enterp ise of the kind by the Lodge, it is indeed gratifying that one so the roughly prepared for the office of teacher as Mr. Duncan has been selected and consents to take charge of the school.

charge of the school.

The established rates of tuition have heretofers excluded many from the advantages of education.
With a view to benefit such, and all who may avail themselves of the facilities of a cheep and thorough education, we append the following table of charges, so reduced as to make it available.

Primary Department—including Spelling,
Reading, Writing, Arithmetic, and Primary Geography, per session of five
